*** MESSAGE FROM THE PRESIDENT ***

Greetings everyone, and welcome to the 160th edition of the Sydenham fall fair. Ten years ago, we struggled as a group to get to the 150th fair and it was thought at that time that the sesquicentennial would be the swan song for the fair. Fortunately, fresh faces and new ideas came forward and the fair not only survived but flourished! Our current committee is eager, energetic and not afraid to try new things which bode well for the future of our fair. Because of the more than capable hands of the committee members, I’ve decide that this will be my last year as a director and president of the Sydenham Agricultural Society. Great things are in store for the future and I wish all the fair participants and our wonderful committee all my best!

I would be remiss if I didn’t take the time to recognize the passing of one of our fairs most loyal supporters – Donald Burr. Don was a fixture at the fair for decades, whether he was exhibiting years ago when we had the adult categories or he was helping his kids and later, grandchildren with their exhibits. Don liked all things at the fair but he always had a soft spot for the swine show. Many a fine specimen graced the show ring from the Burr family for many years and we thought it would be fitting to remember Don through the swine club. In memory of Don, we have decided to dedicate the champion swine trophy in his name. This is a small gesture on our part to recognize and honour the memory of a truly great man.

Fred Manning – President
Sydenham Agricultural Society

Tuesday September 24, – Display Set-up Instructions – Vegetables & Flowers:

Garden Club Table Display Classes:
1. Three Carrots, tops cut to 1/2” from crown, tap roots left intact.
2. Three Beets, tops cut to 1/2” from crown, tap roots left intact.
3. Three Squash in uniform size & length
4. One Pumpkin, stem attached (even if it’s a little green)
5. Marigolds - 3 blooms. Bloom is an individual flower, one to a stem. Specimen blooms should be disbudded for quality bloom.
6. Calendula - 3 stems with one flower each. A stem is a plant structure carrying one or more flowers and/or buds.

All vegetables should be cleared of garden dirt, but not scrubbed. They should be free from disease or other markings. Vegetables displayed in threes should be of uniform size and bright, healthy condition. Your best produce for judging will be true to type and matching in proportion and condition. Remember a healthy, blemish free vegetable is more important than size. Flowers must be displayed in suitable vases, in water. Paper plates will be supplied at the exhibition hall and must be used for each display class. School garden display items must be from your own school garden. You may decorate your table any way you like by adding your own toys or horticultural decoration of your choice. A striking display will promote and emphasize the garden produce, not hide it. Tables are supplied but you must bring your own table cloth.
SET-UP of TABLE DISPLAY - Tuesday, Sept. 24, 2013 at Grey Roots between 4:00 pm and 7:00pm.

**Garden Club Books need to be placed on your table at fair time so we can judge them.
